NOTICE

The District may restrict the rate of flow through your meter to a rate between the “recommended maximum rate for continuous operations” and the “Safe Maximum Operating Capacity” in accordance with the American Water Works Association standards (C700-09, C701-07, C708-05, C712-02), as amended.

Currently adopted “Recommended Maximum Rate for Continuous Operations” and “Safe Maximum Operating Capacities” are as follows:

<u>METER SIZE</u>	<u>RECOMMENDED MAXIMUM RATE FOR CONTINUOUS OPERATIONS</u>	<u>SAFE MAXIMUM OPERATING CAPACITY</u>
5/8 inch	10 gallons per minute	20 gallons per minute
3/4 inch	15 gallons per minute	30 gallons per minute
1 inch	25 gallons per minute	50 gallons per minute
1-1/2 inch	50 gallons per minute	100 gallons per minute
2 inch	80 gallons per minute	160 gallons per minute
3 inch	220 gallons per minute	350 gallons per minute
4 inch	420 gallons per minute	630 gallons per minute
6 inch	865 gallons per minute	1300 gallons per minute
8 inch	1600 gallons per minute	2400 gallons per minute

Note: Meters serving fire sprinkler systems shall be U.L. approved for such service. The minimum size available for such service is ¾-inch with a full port gate valve.

CUSTOMER’S AGREEMENT

I, the Customer, hereby request water delivery and/or meter installation to the property listed on Page 1 of this document. In consideration of being supplied water, I agree to abide by the District’s rules, regulations, policies and rates as may be amended or supplemented from time to time by the District’s Board of Directors. I will comply with all applicable laws and to pay the District in a timely manner as provided therein. I agree to pay all reasonable attorney fees and court costs or other costs incurred by the District to enforce payment. I understand that the District may discontinue water service for nonpayment.

I acknowledge that the District receives its water by contract with the U.S. Bureau of Reclamation (Bureau) and agree to be subject to the terms and conditions of the District’s Water Service Contract with the Bureau including imposed conditions, restrictions and reductions. I agree that the District is not liable for temporary interruption of water service nor does the District guarantee any specific quantities of water or specific water pressure. I agree to give written notice at least 48 hours before the supply of water to the property is to be disconnected. Application for a service installation must be accompanied by the required funds.

I hereby acknowledge that a pressure regulator should be installed in the service line between the meter and the dwelling on any service where the water pressure provided by the District may exceed 75 pounds per square inch. A cross connection device may also be required to comply with Governmental regulations.

I represent that I have the legal right to make this Application and I will indemnify and hold the District harmless from anyone who holds an interest in the above listed account who claims I acted without due authority.

I, THE CUSTOMER, CERTIFY THAT THE INFORMATION PROVIDED ON PAGE 1 HEREIN IS CORRECT AND I AGREE TO COMPLY WITH THE “CUSTOMER’S AGREEMENT” AS SET FORTH ABOVE.
