Senate Bill 3 (2023) Compliance

Senate Bill 3 (2023) extended Senate Bill 998 requirements to all community water systems. Community water systems shall report the number of annual discontinuations of residential service for inability to pay to the board and on the water system's internet website (if a website exists).

In 2025, **50** accounts for Residential service connections had their water shut-off once during the year due to failure to pay.
